OHR Form Revisions

Subject: New/Revised IRB Forms – August 24, 2022

FORMS

Form Number	Title	Version Date
OHR-1	Proposal Transmittal and Approval Form	8/24/2022
Changes: The Radiation Safety Committee Approval section was revised to require an OHR-32 for any study involving ionizing radiation exposure to research subjects. The Radiation Safety Officer's contact information was updated.		

Form Number	Title	Version Date
OHR-32	Radiation Research Review Form	8/24/2022
Changes: This entire form has been reformatted for ease of use. Some additional information is required to complete this form.		

Form Number	Title	Version Date
NA	Signature Form for Study Application in iRIS	8/24/2022
New Form: This form is used to obtain signatures from Chairs/Supervisors and Business Administrators without access to iRIS. Once signatures are obtained, this document will be uploaded under the 'Study Documents' section of the iRIS submission.		

Other minor formatting/administrative changes have been made to these and other policies and forms.
