Subject: Revised OHR Forms

In an effort to keep the research community informed of new and revised Office of Human Research (OHR) policies and forms, a summary of recent changes is being provided. Please remember to always access the most current policies and forms on the [Division of Human Subjects Protection page](#) of the OHR website.

Please note that with the exception of the new OHR-34 (described below), the same change was made to all of the forms listed below: The conflict of interest section was updated to clarify the type of financial interest and the plan for managing the conflict.

Thank you

The Office of Human Research
