**Jefferson IRB Announcement - Welcome to the new Office of Human Research Website!**

Hello,

The Office of Human Research (OHR) is the heart of Jefferson's Human Research Protection Program and supports the Jefferson IRBs. The OHR used to house the Division of Human Subjects Protection (DHSP) and the Division of Clinical Trials Support, but is now simply called the Office of Human Research (OHR). To reflect this change, we have updated our website. Please visit our website [http://www.jefferson.edu/university/human\\_research.html](http://www.jefferson.edu/university/human_research.html) for the following useful information:

- Information on how to submit to the Jefferson IRB and commercial IRBs
- JeffTrial, the Portal and related training documents
- IRB submission forms
- The OHR Policy and Procedures Manual
- eSAEy (serious adverse events) and eazUP (unanticipated problems) reporting systems
- OHR personnel contact information
- CITI training and the training list (who is up-to-date on CITI training)
- IRB Rosters
- Newsletters
- Announcements (including policy and form revisions)
- IRB Schedule

If you have any questions or comments about the website, please contact [patrick.herbison@jefferson.edu](mailto:patrick.herbison@jefferson.edu).

Thank you,

The Office of Human Research
