Subject: Revised IRB Form – June 6, 2017

In an effort to keep the research community informed of new and revised Office of Human Research (OHR) policies and forms, a summary of recent changes is being provided. Please remember to always access the most current policies and forms on the [Office of Human Research](#) website. Note: When opening documents, if prompted for user name and password, click cancel and the document should open.

If you have already created a new OHR-8 for a new study, you do not have to convert it to this new template. If you are starting a new consent form today, please use the new template. If you have already started creating a new consent form and are interested in including the new changes, please use the contact email below to request the changes.

Thank you,

The Office of Human Research
